**Caution**

The RT Series Tape Cutters are all made in Korea, and major parts are registered for patent in all over the world. Most of humble and much lower price Tape Cutters you can see in the market are mostly made in China to copy our original RT Series. This is illegal sales what we will accuse them for court and also the legal responsibility will be extended to the company who purchase the fake machine. We hope you don't make the wrong decision to purchase illegal machine.
