

# DC-DC CONVERTER

24V車で12V車用电装品の使用が可能に!

超便利!

トラックやバス等の  
必須アイテム!

車種専用設計

5A仕様・24V車用

## セット詳細

24V>12V

DC-DC コンバーター

- ▶ 24V車用
- ▶ 5A仕様
- ▶ INPUT 24V
- ▶ OUTPUT 12V(5A)
- ▶ 1個セット

24V車で取付可能な

電装品が増える!

## 商品サイズ

Ly-Kree (K241205) - 24V DC to 12V DC Reducer, 5 Amp 60 Watt Max Current, Over-Volt/Under-Volt/Overload/Short Circuit Protection, 12cm/4.75in Line Length

## Description:

This 24V DC to 12V DC Reducer allows the use of regular 12 volt accessories like your CB radio on a 24 volt system. Do not operate a device(s) that requires more than the 5 amp 60 watt maximum current.

Waterproof alloy housing makes the power adapter step down(DC24V to DC12V) converter ideal for use in a wide range of applications including vehicles, truck, trailer, RV, security systems, hospital equipment, telecommunications etc

Ly-Kree

## Features and Specifications:

- 24 VDC to 12 VDC Reducer
- Step Down Converter / Voltage Changer / Reducer Regulator
- 5A 60W Maximum Current
- Accepts: DC 15-40V Input
- Built-In Protection for Over-Voltage, Under-Voltage, Overload, Over-Heat and Short Circuit
- Waterproof Alloy Housing
- 2cm x 2cm x 5cm with 12cm length of line
- .79" x .79" x 1.97" with 4.75" length of line
- Designed For Autos, Trucks, Boats, Solar Systems, Security Systems, Telecommunications, Etc.
- High Quality and Performance
- Sold: Each
