Highlights

Tapered shape is designed to help fit the ear canal

Features a Noise reduction rating (NRR)*: 32 dB for large size or in combination with regular size; 28 dB for regular size alone

Soft foam helps conform to the shape of the ear canal for a comfortable, snug fit

Corded and uncorded options available

Available in regular and large sizes

Compatible with the 3M™ E-A-Rfit™ Validation System

CSA Class AL

*U.S. EPA specifies the NRR as the measure of hearing protector noise reduction. However, 3M makes no warranties as to the suitability of the NRR for this purpose. 3M strongly recommends personal fit testing of hearing protectors. Research suggests that users may receive less noise reduction than indicated by the attenuation label value(s) on the packaging due to variation in fit, fitting skill, and motivation of the user. Refer to applicable regulations or guidance on how to adjust attenuation label values. It is recommended that the NRR be reduced by 50% to better estimate typical protection

3M™ E-A-R™ TaperFit™ 2 Earplugs feature a tapered design to help fit easily and comfortably into the ear. This earplug model is made of a soft, slow-recovery foam that also helps make insertion easier.

Slow-recovery foam helps make insertion easier by giving the wearer time to get the compressed foam cylinder (rolled down earplug) into the ear before the foam fully expands. Available in size regular and large. Corded or uncorded options to suit user preference. This product is EARfit testable to help validate the level of protection the individual user is getting.

Typical properties

Details	
Attenuation Rating	32.0 Decibel
Banded	No
Brands	E-A-R™
Case Quantity	2000 Pair
Cord Color	Blue
Cord Material	Vinyl
Cord Type	Vinyl
Corded	Yes
Dielectric	No
Dispenser Available	No
Earplug Color	Yellow
Earplug Material	Foam
Earplug Shape	Bullet
Earplug Size	Regular
Electrically Insulated	Yes
Green Certification or other Recognition	No
Green Environmental Attribute	No
Hearing Protection Style	Roll Down Foam
Insertion Style	Roll Down
Metal Detectable	No
Moisture Resistant	No
Pairs Per Package	200
Product Color	Yellow
Product Series	E-A-R TaperFit 2
Product Type	Earplugs
Recommended Application	Grinding, Cleaning, Welding, Machine Operation, Painting, Assembly, Blasting, Demolition, Facility Maintenance, Electrical, Sanding
Recommended Industry	Construction, General Manufacturing, Manufacturing, Military Maintenance, Repair & Operation (MRO), Mining, Metal Fabrication, Oil & Gas, Pharmaceutical, Transportation, Automotive, Military Maintenance, Repair & Operation (MO)
Reusable	No
Roll-Down Required	Yes
Shape	Tapered
Slow-Recovery Foam	Yes
Smallest Saleable Unit	Each
