

DIAGONAL CUTTING NIPPERS

Able to cut piano wires with the carbide blade!

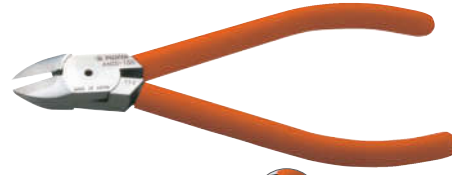

The blades have a carbide chip inserted in them leading to both superior cutting power and durability (three times more than the original product), and are excellent for cutting through piano and tungsten wires.

HEAVY DUTY STANDARD NIPPERS with CARBIDE BLADE

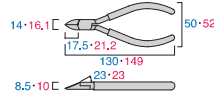

460S-125,150

Compared to regular nippers, the blades are much stronger.

No.	SIZE mm	WEIGHT g/W	CUTTING PERFORMANCE			PACKAGE SIZE HxWxDmm	Quantity	JAN CODE
460S-125	125	80	STEEL WIRE mm	COPPER WIRE mm	PIANO WIRE mm	170x73x15	6	046050
460S-150	150	120	Φ1.2	Φ2.0	Φ0.5	200x73x15	6	046067

No.460S-150

PROTECH NIPPERS with CARBIDE BLADE

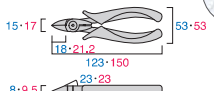

PP460-125,150

Compared to regular nippers, the blades are much stronger.

No.	SIZE mm	WEIGHT g/W	CUTTING PERFORMANCE			PACKAGE SIZE HxWxDmm	Quantity	JAN CODE
PP460-125	125	70	STEEL WIRE mm	COPPER WIRE mm	PIANO WIRE mm	170x73x17	6	083253
PP460-150	150	120	Φ1.2	Φ2.0	Φ0.3	200x73x17	6	083260

No. PP460-150

STAINLESS STANDARD NIPPERS

60H-150

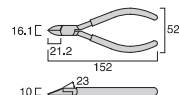

Comes with rust-resistant, high-grade stainless steel!

Made with our internally developed high-grade stainless steel (SUS420J2). Made to be light, yet tough, these nippers have excellent durability and sharpness.

No.	SIZE mm	WEIGHT g/W	CUTTING PERFORMANCE			PACKAGE SIZE HxWxDmm	Quantity	JAN CODE
