

12V 2A Power Supply, 100-240V to DC12V Power Supply Adapter with Waterproof Lightning, Dedicated to Surveillance Cameras Accessories (US Plug)

Product Description

1. Design: The monitoring power adapter has built-in rain and circuit, great waterproof, which is very suitable for outdoor use.
2. Wall Mounted Design: The 12V 2A power adapter is small and flexible for indoor wiring, the wall mounted design is convenient for installation and saves space.
3. 9 Intelligent Protections: Overload , overvoltage , accurate voltage regulation, overheating , small output ripple, high reliability, long life, short circuit , wide voltage input.
4. High Performance: 12V 2A output enough power supply to meet the power supply requirements of high definition monitoring and ensure the stable of the camera.
5. Material: The monitoring power adaptor makes uses of red copper DC port, which is anti and anti oxidation, stable in performance and in use.

Spec:

Item Type: 12V 2A Adapter

Material: ABS + Red Copper

Application: Dedicated to surveillance cameras

Input Voltage: 100-240V 50/60Hz

Output Voltage: DC 12V

Output Current: 2A

Interface Type: DC interface

Package List:

1 x12V 2A Adapter
